

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION

ORDER NO. 79-50

NPDES NO. CA0038091

ORDER AMENDING ORDER NO. 77-42 TO INCLUDE
A REVISED COMPLIANCE TIME SCHEDULE FOR:

CITY OF BENICIA
SOLANO COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region, hereinafter Board, finds that:

1. The Board adopted Order No. 77-42 on May 17, 1977, prescribing waste discharge requirements for the City of Benicia, hereinafter discharger.
2. The Board adopted Order No. 77-43, an Enforcement Order for Issuance of a Time Schedule, in conjunction with Order No. 77-42 as a compliance time schedule for completion of secondary treatment facilities.
3. Since the adoption of Order No. 77-43, delays which were beyond the discharger's control, occurred in the bidding and contract award process for the treatment plant construction contract.
4. On June 27, 1978, the discharger submitted a request for a compliance time schedule extension pursuant to Section 301(i)(1) of the Clean Water Act. The original delay beyond the July 1, 1977, compliance date was caused by the indecision of Federal and State agencies regarding the need for an Environmental Impact Statement.
5. This project involves the continued operation of a publicly-owned facility to provide sewerage service with negligible or no expansion of use beyond that previously existing. Consequently, this project will not have a significant effect on the environment based upon the exemption provided in Section 15101, Title 14, California Administrative Code.
6. The discharger and interested agencies and persons have been notified of the Board's intent to amend requirements for the existing discharge and have been provided with the opportunity for a public hearing and the opportunity to submit their written views and recommendations.
7. The Board, in a public meeting, heard and considered all comments pertaining to the discharge.

IT IS HEREBY ORDERED THAT Order No. 77-43 is rescinded and Order No. 77-42 is amended as follows:

1. Provision E.2.a. shall hereafter read:

"Compliance with Effluent Limitations B.2.a, B.2.b, B.2.c, B.2.d, B.4, and B.6; Receiving Water Limitations C.1.a, C.1.c, and C.2.d; and Prohibition A.1:
